

LADWP's Comprehensive Affordable Multifamily Retrofits (CAMR) program requires projects consisting of 65 or more units comply with the program's Skilled & Trained Workforce Requirements as follows:

- All electrical workers must be Skilled Journeypersons (SJP) OR DAS-registered apprentices
- At least 60% of the electrical skilled journeypersons employed to perform electrical work on the project by the contractor or its subcontractors must be graduates of an apprenticeship program

Identify each <u>electrical worker</u> as one of the following and provide a copy of each electrical worker's Apprenticeship Status and Safety Training Certification from the California Department of Industrial Relations webpage - https://www.dir.ca.gov/das/appcertpw/AppCertSearch.asp

Name of Employee	Journeyperson who Graduated from Apprentice Program (Yes/No)	Journeyperson with Sufficient On- The-Job Experience (Yes/No)	Apprentice Registered in an Approved Program (Yes/No)
